SWEETWATER SPRINGS WATER DISTRICT

TO: Board of Directors **AGENDA NO. V-F**

FROM: Steve Mack, General Manager

Meeting Date: June 7, 2012

SUBJECT: DISCUSSION/ACTION RE RIO VISTA TERRACE SADDLE FAILURES

RECOMMENDED ACTION: Receive a report on progress resolving the Rio Vista Terrace service connection saddle failures.

FISCAL IMPACT: none.

DISCUSSION:

No saddles have failed recently (as of May 31). W.R. Forde did not respond in a timely manner to the offer discussed with them as reported last month. District staff is in the process of reaching agreement with another contractor to do a four saddle investigation in the subject area. We expect this investigation to occur in mid-June. The Rio Vista Terrace residents have been alerted of the general issue and notified that we will be doing work in their area in the mid-June timeframe. This item will be discussed more fully in closed session.
