

## Comparing and Practicing Different Search Engines

You will research TWO of the following controversial topics. You will need to:

- Choose two of the topics [circle their number.]
- Use the FOUR Search engine sources, listed below, to find CREDITABLE information on each topic that you choose. You can link to these search engines by starting at <http://www.sonic.net/bantam1/homework.html#casadb>
  - EBSCO <http://seach.epnet.com>  
cghs gauchos
  - eLibrary <http://elibrary.bigchalk.com/libweb.web/elib/do/login>  
43-15008 bigchalk
  - Britannica <http://search.eb.com/>  
[!@#CasaGrande](#) Ktwelve
  - Google
- Use the evidence cards to record the information that you find. Be sure to fill out each section, including the bibliography

Circle TWO of these for your research:

1. Should Genetic Engineering be used for medical or agricultural purposes?
2. Should Abortion continue to be legal?
3. Should the Death Penalty be a punishment for a crime?
4. Should Marijuana be legally available for medical use [Medical Marijuana].
5. Should the right to die [Euthanasia] be legal?
6. Should a minor be able to have an abortion without parental consent?
7. Should the requirements of the military be the same for women as for men?  
[Women in the military]
8. Child Labor is a problem in many developing countries. What can the international community do to end this problem?
9. Explain what you consider to be some of the most important Human Rights for all citizens of the world?
