Activity Eight: The Issue of Colonies

INDIVIDUAL REPORT

What is your opinion of the colonization of countries by stronger, wealthier nations? Why do peace treaties often lead to the continuation of colonization? Ho can colonization be justified? What are the pros and cons for the colonizing nation as well as the colonized territory?

Evaluation Criteria

- Gives at least the reasons why peace treaties often lead to a continuation of colonization.
- Discuss at least three justifications that powerful nations use for colonization of others.
- Gives your opinion of each of the justifications discussed.
- Clearly explains at least three pros and three cons of colonization for both the colonizing nations as well as the colonized territory.
- Describes how colonization contributes to the cost of war and the price of peace.
