## Activity Six: Propaganda

### INDIVIDUAL REPORT

Propaganda consists of ideas or information that is spread deliberately to influence people's thoughts or actions. How is propaganda used in today's society? Who uses propaganda and why? How does the use of propaganda today compare to its use in WWI? How did propaganda contribute to the cost of war and the price of peace?

#### **Evaluation Criteria**

- Gives at least three examples of how propaganda is used in today's society & explains which technique of propaganda is used for each example
- Describes who uses the propaganda for each example
- Explains at least two possible reasons for the use of propaganda for each example
- Makes at least three comparisons between the way propaganda is used today and the way it was used during WWI
- Explains how propaganda contributes to the cost of war and the price of peace
