We help families stay connected,
so that children have a sense of
stability and a family bond.

**Familiar Faces,
In familiar homes.**

Our children are the hope of the future; Let's give hope and a future to our children.

One of the most important things we can do for our children is to give them a stable home environment.

Sometimes, for various reasons, children cannot live with their biological parents. This may be due to the death of a parent, alcohol or drug addiction, abandonment or neglect.

At those times, we need to step up and give these children a home and family they can count on.

Facilitators for the Guardianship Clinics are generously sponsored by Speedway Children's Charities.
